OBJECTIVE

Passionate computer science student with a strong foundation in coding and software development, looking to contribute fresh ideas and learn new technologies in a growth-oriented role.

EDUCATION

Institute of Informatics and Communication(IIC),Delhi University

M.Sc.Informatics(IT)   2024 - 2026

Kumaun University, Nainital

Bachelor of Science (General) - 72.55   2021 - 2024

Kendriya Vidyalaya Kausani

Intermediate(12th) - 93   2021

Kendriya Vidyalaya Kausani

High School(10th) - 92.8   2019

PROJECTS

Heart Disease Prediction: Technologies Used – Machine Learning, Python
- Developed a heart disease prediction system using Python and Machine Learning, incorporating data preprocessing, model training (Logistic Regression), and evaluation using Scikit-learn.

Blog Application: Technology used -React.js, Tailwind CSS, JavaScript, HTML, CSS
- Designed and developed a responsive blog application with dynamic content rendering, an intuitive user interface, and seamless navigation for an enhanced user experience.

SKILLS

- **Programming Languages:** C, C++
- **Web Development:** HTML, CSS and JavaScript
- **Relevant Coursework:** Software Design and Programming, Algorithms and Data Structure, Computer System Architecture, Database System, Operating System, Applied Machine Learning, Software Engineering, Internet of Things Systems, Cloud Computing, Web Development
- **Soft Skills:** Leadership, Event Management, Public Speaking, Time Management

CERTIFICATIONS

C++ Programming Course GeeksforGeeks (GFG)
 (Ongoing)

Full Stack Developer Bootcamp GeeksforGeeks (GFG) 🗗

Introduction to Software Engineering (coursera) 🗗

CO-CURRICULAR ACTIVITIES

- **Participant of India Mobile Congress (IMC)'24:** Asia's largest tech fest and premier technology exhibition.
- **Codechef:** Solved 500+ Questions on Codechef.
- **GeeksforGeeks**: Actively solving algorithm and data structure problems to enhance problem-solving skills.
- **Codolio Profile:** Click Here(Total 500+ Questions), 5 Awards.
